### 1425MG

ADVANTRIM™ is a synergistic collection of nutrients and herbs that helps the body to naturally do what nature intended to maintain health.

# ADVANTRIM

## EXTREME FAT BURNER

### 1425MG

ADVANTRIM™ is a synergistic collection of nutrients and herbs that helps the body to naturally do what nature intended to maintain health. The difference is that now it can be done in a way which will help the body to burn the calories at a pace that will help to maintain long term health, and keep the pounds off!

Introducing new ADVANTRIM Extreme Fat Burner with a revolutionary thermogenic compound extracted from citrus aurantium. This extract contains alkaloids which are related to ephedrine alkaloids and have similar effects on metabolism and breakdown of fat without the negative side effects of ephedrine. These alkaloids increase the metabolic rate and also increase the rate of breakdown of stored fat (lipolysis) in the body.

Studies have shown that the extracts contained in ADVANTRIM may be as effective as ma huang (ephedra or ephedrine), but without the potential negative side effects to the cardio-vascular and central nervous systems.

Use Advantrim as part of a healthy diet and regular exercise routine.

For best results, use as part of sensible diet and exercise program.

## Supplement Facts

Serving Size: 2 Capsules

Amount per Serving	%Daily Value
